Dear Trustees,

On behalf of the Madison Township Trustees, Fire Department, and the Madison Township residents, I would like to thank you for allowing us to borrow your fire truck in our time of need. While our truck was in Columbus having numerous repairs being made, your township stepped in and offered the used of your back up truck. Your generosity allowed us to continue the level of safety and security our own township is accustomed to.

The history of mutual aid between Madison Township and St. Clair Township has been one of trust, respect, and loyalty. The residents of Madison Township thank you for continuing this relationship and we look forward to serving with you in the years to come.

Thank you again for your helpful support.

Sincerely,

Mr. Todd Farler
Administrator
Madison Township
